To Whom It May Concern,

I am pleased to provide this letter of recommendation for Lukasz Michalski based on his time at Intel. He demonstrated remarkable technical proficiency and problem-solving abilities that significantly contributed to the development of AI/CV systems for visual corruption detection in video streams.

Beyond his technical contributions, Mr. Michalski demonstrated excellent communication skills by sharing his knowledge with colleagues and delivering insightful presentations on his work. His enthusiasm for AI-driven solutions and passion for innovation were evident in every aspect of his work. He quickly grasped complex concepts, applied creative solutions, and collaborated effectively within multidisciplinary teams.

I strongly recommend Lukasz for any position that leverages his AI, computer vision, and software development expertise. He will undoubtedly be a valuable addition to any team.

Sincerely,

Kacper Dominiak
